Diversity Statement

Adopted December 7, 2010

At Girls Inc. of Greater Indianapolis, we are devoted to inspiring all girls to be strong, smart, and bold[®]. We are gender specific in our mission, and it is our goal to include school age girls from all communities within the four counties that we serve. We welcome all caring women and men who share this mission to join us as board leaders, program volunteers, or employees. We celebrate the value of differences in background, experience, and thought that will strengthen this organization as we boldly pursue our vision of empowered girls in an equitable society.

Inspiring all girls to be strong, smart, and boldSM
